**TUBOTECH 2013,
7th International Trade Fair for Tubes & Pipes,
Valves, Pumps, Fittings and Components**

Imigrantes Exhibition Centre São Paulo, Brazil, October 1. - 3, 2013

Dear Ladies and Gentlemen,

Herewith we would like to invite you to exhibit at **TUBOTECH 2013** which will take place in São Paulo from 01 to 03 October 2013.

For you as an International exhibitor TUBOTECH 2013 is a gateway to the major and very interesting South American market.

Brazil's economic growth is continuing steadily. With a gross domestic product of approximately USD 2,500 billion (2011), Brazil is the sixth largest economy of the world.

During last TUBOTECH in 2011, 442 exhibitors from 21 countries showcased their products and innovations on a net space of 16.500sqm to about 18.000 qualified trade visitors.

For the first time wire South America 2013 – International wire and cable fair – will take place parallel to TUBOTECH. Take advantage of the parallelism of these two exhibitions which will certainly offer profitable synergies to the trade visitors.

The supporting organization for TUBOTECH 2013 will be again the "International Tube Association" ITA, and the Brazilian association ABITAM.

Members of the International Tube Association can book an exclusive booth package with reserved exhibition space in a preferred position (see attached exhibition package and floor plans).

We invite you to showcase your products, technology and know-how to the decision makers of the region and to strengthen your position in the South American market. Should we have aroused your interest please do not hesitate to contact us for further details.

We look forward to supporting you at TUBOTECH 2013.

With best regards

Peter Byroslawsky
Executive Secretary
International Tube Association
